

NGO to raise funds with movie

It sets a target of RM50,000

PROTECT & Save The Children Association of Selangor & Kuala Lumpur (P. S. The Children) hopes to raise RM50,000 from a charity screening of the latest animated Disney Movie *Ratatouille* on Aug 12.

The movie is about Remy, a young rat in the French countryside who land in the town and embark on a culinary and personal adventure.

P. S. The Children operations director Sonny Lim said it was the first time a charity screening was planned as a fund raising event for the organisation to finance its activities and educational programmes.

"We are planning for more activities at primary schools and the funds raised will be partly used as allowances for volunteers and to prepare materials for the activities," he said.

He also said that they have approached various parties to be corporate sponsors for the event.

Lim said with the growing reports on child abuse, many adults realised the importance of educating themselves and equipping children with the knowledge on how to protect themselves.

He said that the association was faced with increasing demands to provide education and outreach program-

a personal safety programme curriculum for primary schools and for children with learning disabilities.

"We also want to promote child protection policies in organisations and conduct self-esteem workshops for children in shelter homes," he said.

The screening, which is co-organised by Mesiniaga Bhd, will be held at the GSC Mid Valley at 10.30am with tickets priced at minimum RM30 each.
